

Lala lala la

R 14,000.00

The artist takes the everyday consumer information media, like sale pamphlets and grocery specials as his medium and source material. He lifts iconography and text from everyday commercial advertising and then through layering, juxtapositioning and the placement of an array of images through collage, arrives at new narratives that speak a more sensitive language which can seem almost at odds with the parts it consists of.

Frame	None
Medium	Mixed media on board
Height	27.00 cm
Width	45.00 cm
Artist	Thabo Pitso
Year	2021
