

ARABES

R 30,000.00

I used black, white, red and gold (yellow) letters to create the back.  
in different size to create depth.

these are the sacred colors of the Lakhotas.

I wrote "ARABES" in Big golden letters, for people in France trying to live their culture.  
As indians are struggling to live theirs on there very own land.

Frame	None
Medium	Mixed media on canvas
