R 10,500.00

Digital painting printed on hahnemühle textured paper. This artwork shows 7 women in a fantastical space forest full of fruit and planets. A world is imagined where the rituals of life and the veils between reality and fiction are explored. The female characters are all gathered next to each other, with the center woman glowing in pure, purple starlight. The artwork unravels themes of cosmic creation and astrological folkloric elements. Connection to the earth, womanhood, and the celestial beyond is seen.
