

Momentum Disc Theory

R 5,800.00

Momentum disc theory ponders on how man observes nature and developed civilisation based on what was experienced and gained through the intricacies gleaned through observation of science within the natural world. The math theory title deals with calculating movement. Formulas are concealed within the work, momentum is defined as "mass in motion."

Frame	None
Edition Size	10
Medium	Hand coloured etching on fine art paper
Height	60.60 cm
Width	96.00 cm
Artist	Jessica Michelle Le Roux
Year	2017.2021
